Landscape Architecture - Urban Planning - Land Development

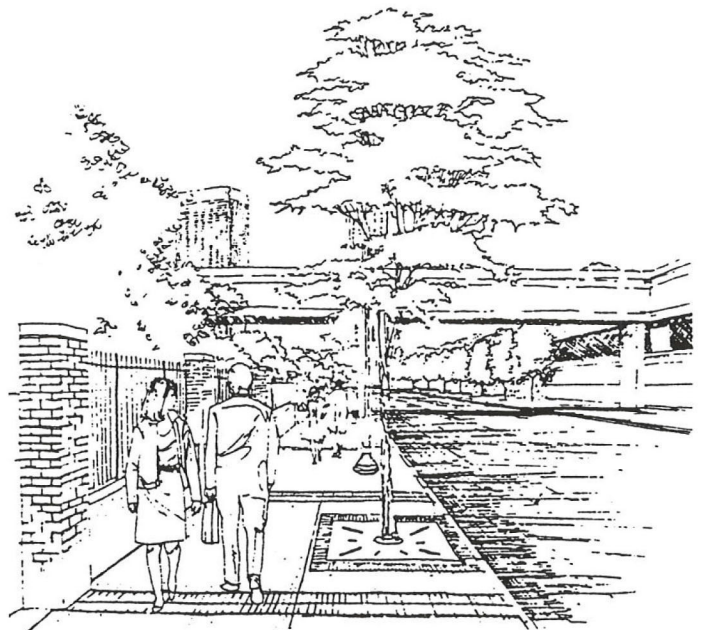

North Avenue Streetscape Spur

Contracted by the Corporation for Olympic Development in Atlanta (C.O.D.A), we generated a feasible concept for North Avenue, in Atlanta, Georgia, which will be the major street into the Olympic Athlete's Village Housing. Project services included streetscape/landscape planning and designed to improve area aesthetics, ameliorate automobile traffic, provide locations for public sculpture, and to provide urban open spaces for residents, guests and visitors.
